

## 5.4. Bouton Ouvrir Client

Ce bouton nous affiche la fenêtre qui suis et nous permet de commencer par choisir quel cueilleur nous as apporter des boites de bleuets.

The screenshot shows a software interface titled "Information Du Client". It includes a profile icon of a person in a yellow shirt. The form has three input fields: "Client:" (a dropdown menu), "Nombre de Boîtes Total:" (a text box with the value "0"), and "# du Champs:" (a dropdown menu). To the right of these fields are three blue 3x3 grid icons, each with a circled number: 1, 2, and 3. Further right are two buttons: a red "X" button with a circled 6, and a green checkmark button. Below the input fields is a section highlighted with a red rectangle, containing a "Une partie du nom:" label, a text box, a large question mark icon, and a circled 4. To the right of this section is a "Balance principal:" label and a dropdown menu with a circled 5. The red rectangle also encloses a table with the header "Nom" and several empty rows.
